2.5.1 – Mechanism of internal assessment is transparent and grievances redressal system is time- bound and efficient

Regarding the evaluation process and reforms, the College abides by the university's rules and regulations. The committee prepares the college's academic calendar well in advance of the start of each semester, according to the University's Calendar of Events. A uniform calendar for internal tests is created for each semester and sent to the students in accordance with the planned sequence of events.

There is one practical Internal Assessment (IA) and two theory internals (IA-1 & IA-2) assessments for each semester. To uphold academic standards, the IA is conducted according to the timetable, and the evaluation is completed using the Continuous Internal Evaluation (CIE) system. The assessment process includes:

- The Departmental Council sets the questions.
- The concerned departments conduct and evaluate Internal Assessments.
- The evaluated marks are displayed on the departmental notice boards.
- If there are any discrepancies, students are invited to contact the department. The concerned staff members rectify them if there are any.
- If a student has truly missed any test, he/she will be required to provide supporting documents for the absence. These pupils are tested at a later time with advance notification.
- No student is left unsupervised. Teachers use their separate WhatsApp groups/Notice Board to inform absentee students about test dates and times. New tests are administered with separate questions that correspond to the test component.
- The teachers identify the slow learners and address their concerns shortly after the test.

The college conducts assessments in accordance with CIE within the allotted timeframe and closely abides by the policies of Karnatak University, Dharwad. Internal test evaluations are conducted in a transparent manner, and issues related to this procedure are addressed as follows:

- The IA marks for both theory and practice are recorded.
- Students are encouraged to visit the appropriate departments to verify their IA scores. The relevant staff personnel are notified of any discrepancies, and they will be rectified and then marks are uploaded to the submitted to the Karnatak University website.
